AITHERAS holds an 8(a) STARS II Prime Contract on both Constellation I and II for three functional areas. STARS II is classified into two Constellations. Constellation I is the basic level in which contract holders must demonstrate technical proficiency and offer competitive prices. Constellation II contractors must possess one or more of the following credentials: CMMI Level II Development or ISO 9001:2000 or ISO 9001:2008 (AITHERAS is certified at ISO 9001:2008). The three-distinct Functional Areas (FA), designated by the North American Industry Classification System (NAICS), possessed by AITHERAS is:

- FA 2 NAICS 541512 Computer Systems Design Services - Includes planning and designing computer systems that integrate computer hardware, software, and communication technologies. Includes installation of the system and the training and user support of the system
- FA 3 NAICS 541513 Computer Facilities Management Services - Includes the provision of onsite management and operation of clients' computer systems and/or data processing facilities
- FA 4 NAICS 541519 Other Computer-Related Services - Includes providing computer related services (except custom programming, systems integration, and facility management services)

## 8(a) STARS II Benefits

- Directed task orders up to \$4 Million, including options.
- Low user fee
- Pre-competed, easy-to-use contracts
- Short procurement lead time
- Enables federal clients to earn 8(a) and Small Business credit
- Free Training on vehicle use
